

PEACHY KEEN TIMES

APR 20 • ATLANTA, GA

"Are we in a forest?" asked Olivia as we drove away from the Atlanta airport towards grandma's place in Fayetteville. The roads were lined with hundreds of tall and lusciously green trees!

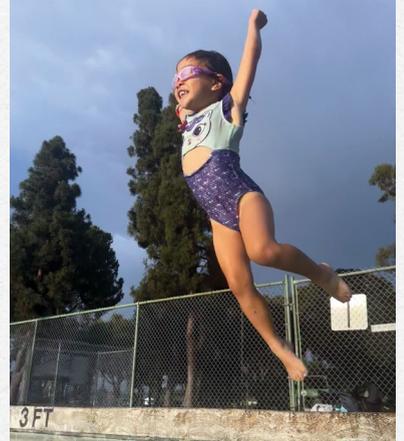

This spring break we adventured to Georgia to visit Shelby's grandma, uncle, and aunt (and all the gorgeous trees). In our short week there, we got a true sampler platter of what Georgia's weather, landscape, and activities were like! Whether we were sipping

coffee on a crisp, clear morning, or enjoying movie night during a thunderstorm, spending time with family was what mattered most. And watching Olivia share Taco Bell and a nap in the backseat with her great-grandma was priceless.

Among our many adventures, here's a few of our favorites! 1) Ever have mango Coke? We did! We all enjoyed tasting different Coke flavors from around the world at the Coca-Cola Museum. 2) We got to

meet Taroko, the world's largest fish, at the Georgia Aquarium (and a bunch of his friends too). 3) Some of Olivia's favorite book characters, including Cat in the Hat, came

to life in a magical puppet show at the Center for Puppetry Arts. 4) Family game night brought on the giggles and fun. 5) Olivia had a blast dancing, splashing, and slid-

ing in her first torrential rainstorm! 6) Thank you Uncle Steve and Aunt Shelly for graciously hosting us and for all of the wonderful memories made here!

GALA-RAMA

JUN 12 • HOLLYWOOD, CA

As one of Sidecar Health's first employees, Shelby was honored to represent the company at the Entrepreneur of the Year Gala. The small, but mighty health insurance company didn't win, but Shelby still looked good in his tux!

MEMORIES TO TACO BOUT

NOV 20 • FAYETTEVILLE, GA

Whenever we think of Taco Bell or clam chowder, only one person comes to mind: Sheilah (Shelby's grandma). A visit to grandma's was never complete without one of these go-to favorites.

At the end of this year, we had to say goodbye to her. She'll be remembered for her wonderful laugh, astute sense of style and ability to find the perfect accessory ensemble. She was our childhood cheer-

leader, our wedding officiant, official vitamin expert, and a true example of Jesus' love. We will miss her dearly.

CAT-CH UP WITH US

OCT 31 - LONG BEACH, CA

Olivia's love for cats got supercharged this year - it truly reached purrfection! As many of you know, Altadena suffered a devastating fire in January. One small silver lining was having two little evacuated kitties (and their cat mom, Emma) stay with us that week. Olivia raced to see them after school every day, and Peanut and Praline were pawsitively gracious hosts!

In March, Olivia befriended a neighborhood stray, Checkers,

by feeding him breakfast. We also made frequent trips to Long Beach's Cat Collective to visit their many foster cats. We even went to their Cat Art Show and made our own screen prints. It was a truly claw-some experience!

We wrapped up the year in full feline fashion: K-Pop Demon Hunters' Derpy Cat, Pete the Cat, and the Cat in the Hat (with his trusty Thing 1 and Thing 2). A purrfect end to a very cat-filled year!

No big house projects this year, but that didn't stop us

from getting creative! From Olivia dabbling with watercolors to making six-foot-tall cardboard Zootopia character cutouts for her 4th birthday

SPLASH CONTINUED

JUN 26 • SAN JUAN CAPISTRANO, CA

Last year, Olivia tried a bunch of new activities, but one has stood the test of time: swimming! Our little Aquarius loves being in the water. She's continued her weekly swim class and can now dive to retrieve rings from the bottom and backstroke the length of the pool.

All summer long, we frequented the community pool to help her perfect her cannonball skills. In June, we took a family vacation to San Juan Capistrano with her grandparents and uncle, and every day was no doubt spent poolside

HAPPY HOLIDAYS FROM OUR FAMILY TO YOURS

As we close out 2025, we feel thankful for our family, health, jobs, and home.

Shelby's going on year eight at the start-up, Sidecar Health. He continues to reshape how people engage with health insurance.

Kristina has had her hands full at Educational Insights, developing new games and testing them with her favorite test subject, Olivia. Her award-winning game, Campfire Chatmallows®, can now be seen at Barnes & Noble!

Olivia (4.5) is loving everything about TK! She's so proud to share what she's learned

(Like what a turkey snood is) and we love the clever, movie-quoting, caring, perceptive, and wildly unique girl she's becoming.

Peanut (11) and Praline (9) still love walking Ollie to school and migrating from one bed to the next all day.
